

## **Mickle Trafford Village Hall**

### **Codicil to the Hiring Agreement**

**Now restrictions are no longer mandatory, the Trust ask users to be considerate to others and follow the precautions set out in this Codicil to minimise the chance of vulnerable people being infected.**

**Corvid 19 has meant that will be additional tasks to be undertaken for anyone using the Village Hall to comply with Government recommendations**

The Village hall Trustees will be responsible for ensuring that equipment needed for compliance is readily available

The Hall will re-open on the basis that each group makes sure its members comply with Government guidance

Guidance is based on the need to minimise close contact between people, keep used surfaces and equipment as clean as possible

Appropriate use of masks

Hand washing/sanitising regularly on entering and leaving the building

The premises will be cleaned each morning. Users will be expected to clean surfaces they might use before use; clean regularly used surfaces – e.g. table tops, sinks, door handles - during hire and again before leaving and sign to say they have done so.

Users will be asked to list the names and contact details of those present in the Hall

The maximum number allowed in the Activities and lounge must adhere to social distancing regulations

It is anticipated that users will bring their own food and drink, and, if needed, water bottles.

Users will be asked to leave the kitchen and toilets clean and tidy, and use them in an orderly fashion

I agree to abide by the above regulations
